Application for GS1 Standards & Keys – Category B

Reference is made to the application submitted by your company for subscription to the GS1 Standards & Keys under Category B.

We would like to highlight that Category B was created for **cottage enterprises, home-based or micro-level companies** which have less than 10 trade items to be barcoded, **promotional, festive/seasonal-run, limited-run products only**. Subscribers under Category B are strictly allocated with only 10 GTINs (Global Trade Item Numbers) for the base annual fee of **RM 390.00** per annum. In the event the company requires more than 10 GTINs, the company is to apply for a new Category A membership, subjected to the prevailing terms and conditions. The estimated charges for the new membership (assuming issued capital below 2.5 million) are as follows:

1. Registration Fee	RM 1,050.00
2. Pro-Rate Subscription	RM 708.00
3. 2-years advance subscription	RM 1,416.00
4. Value Added Services	RM 330.00
5. Security Deposit (1.5 years)	RM 1,062.00

Estimated Total Amount Due	RM 4,566.00
-----------------------------------	--------------------

Please note that every different type of packaging, flavour and colour of product would require a different barcode number.

Secondly, upon successful application for Category A, the company is to determine and inform GS1 Malaysia whether they intend to continue with their current Category B subscription.

Should the company decide not to maintain their Category B subscription, the barcode numbers assigned are allowed to be used for **two (2) years from the date of the new approval letter**. Upon the expiry of the grace period, it is incumbent upon your company to strictly refrain from using barcode numbers assigned under the previous Category B membership. GS1 Malaysia Berhad reserves the right to reassign the barcode numbers previously assigned to your company to another company. Products already listed in the Member Product Databank will be removed from circulation.

We therefore advise your company to consider your Category B application and inform us of your decision by completing and providing GS1 Malaysia this document for further processing.

I have read and have understood the information. I want to apply under Category B which provides 10 GTINs (barcode numbers)
