

Application for GS1 System

Reference is made to the application submitted by your company for subscription to the GS1 System. From the answers that we obtain from your company, we understand that brand name listed on the application form **does not** belong to your company.

We would like to highlight that the application for GS1 System should be from the brand owner of the products. The bar coded number does not indicate where the products are manufactured. Therefore the prefix "955" which precedes the bar coded number does not necessarily indicate that the products are made in Malaysia. The prefix just indicates that the bar coded number is assigned by the Malaysian GS1 Member Organisation (MO). Malaysian manufacturers can therefore produce products that are made locally using overseas bar coded number.

Please note that in future if your company does not manufacture/distribute the products but the bar coded number is still in the market, your company will need to continue your GS1 membership and pay the yearly subscription fees.

We would advise you to ask the brand owner to apply for the GS1 bar coded numbers or to provide you with their bar coded numbers.

Therefore, we strongly advise your company to re-consider your application. Please inform us of your decision by signing back the reply, as listed below.

Yours Sincerely,

Liew Wai Mei (Ms)
GS1 Malaysia

(Please tick ✓ and fax this letter to GS1 Malaysia at Fax: 03-62761042 or email to membership@gs1my.org)

I have read and understood the above.

- I still want to **continue** my application for the GS1 system.
- I would like to **cancel** my application for the GS1 system.
